Availability of Foreign Language Oaths and Declarations for Patent Applications

The changes in the Rules of Practice in Patent Cases published earlier this year in the Federal Register of January 28, 1977 (42 F.R. 5588) and the OFFICIAL GAZETTE of February 22, 1977 (955 O.G. 1054) added a new rule 1.69 which requires in paragraph (a) that whenever an individual making an oath or declaration cannot understand English, the oath or declaration must be in a language that such individual can understand. Paragraph (b) provides that unless the text of any oath or declaration in a language other than English is a form provided or approved by the Patent and Trademark Office, it must be accompanied by or have filed later a verified English translation. New rule 1.69 becomes effective on January 1, 1978.

The purpose of this notice is to set forth procedures for obtaining copies of non-English language forms and translations from the Patent and Trademark Office.

The Patent and Trademark Office currently has available for free distribution on a one copy per language basis, copies of non-English language declaration forms for use in original patent applications. These copies should be kept as masters from which additional copies may be made and used as needed.

Application declaration forms are available in the following thirteen languages:

German	Spanish
Japanese	Danish
French	Finnish
Swedish	Norwegian
Italian	Czech
Dutch	Hungarian
Russian	

Single copies may be obtained from the receptionist in the lobby of Building 3 of Crystal Plaza, Jefferson Davis Highway, Arlington, Virginia and by mail from the Correspondence and Mail Branch. The address is:

Commissioner of Patents and Trademarks
ATTENTION: Correspondence and Mail Branch
Washington, D.C. 20231

Distributions of these forms is also being made in various patent associations around the country.

The Office also has available from the same sources on a single copy basis, translations of the original application declaration into the following languages:

Portuguese	Chinese
Romanian	Polish
Greek	Bulgarian
Korean	Indonesian
Arabic	

A looseleaf booklet of full size forms is currently being developed. This booklet will provide master forms which may be copied on office copiers. The forms to be included are oath and declaration forms in all of the languages mentioned above as well as most of the English language patent and trademark forms used by the public. It is expected that the booklet should be available early in 1978. A further notice will be issued when the printing date and sales price are known.

Since a booklet including all languages will soon be available, copies of forms in only those languages for which a need is clearly expected should be ordered in order to keep Office costs to a minimum.

RENE D. TEGTMEYER,
Sept. 28, 1977. *Assistant Commissioner for Patents.*
